## REUSEABLE CONTAINER PROGRAM

### HOW IT WORKS:

1. At any given time, you will have either:
  - One re-usable to-go container
  - One to-go token
2. Swipe your card at the register for a meal swipe at Scots Dining
3. Choose an entree, two sides and a dessert. To-go container must be able to close completely.
4. **ENJOY!**
5. When you're done with your meal, return your empty container to the Scots Dining register.
6. After returning your container you have two options:
  - Take a clean to-go container for immediate use
  - Take a token to exchange for another to-go container when you're ready to carry-out again.
7. If you misplace your container or token, you can purchase a replacement for \$6 at the Dining Hall.

# SCOTS DINING TO-GO POLICY

All food removed from Scots Dining- Dining Hall must be placed in the reusable container with the lid fully closed. For your safety, please consume your to-go meal immediately.

The meal is intended to be consumed outside of the Dining Hall by the meal plan holder only. Participants who remain inside the restaurant may be asked to leave or charged for an additional meal.

Abuse of Scots Dining to-go program may result in discountenance. Scots Dining will properly sanitize all containers before reuse. Returned containers can be exchanged for a clean to-go container or a token (redeemable for a container at a later visit).

## FAQ

### **How can I sign up for the to-go container program?**

- All meal plan holders are eligible for the to-go program. Register for your meal plan online at [www.monmouthcollege.campusdish.com](http://www.monmouthcollege.campusdish.com).

### **Where can I exchange a token for a reusable to-go container?**

- scots Dining register

### **Where can I turn in my used to-go container for a token?**

- Scots Dining register

### **How does my used to-go container get cleaned?**

- Scots Dining will run the container through their industrial strength dishwasher at a temperature of 180 F. That's 60 F hotter than a standard home dishwasher!

### **Are reusable to-go containers microwave safe?**

- Yes, the to-go containers are microwave safe for reheating food up to 212°F.

### **What if I lose a to-go container or carabiner?**

- A \$6 replacement fee must be paid to dining in order to continue using the program.
